Bye-Laws and Regulations for Hackney Carriages.

No licence shall be granted, or afterwards renewed, unless the carriage, horse, and harness, shall have been examined by the superintendent of police, inspector of hackney carriages, or other person appointed by the magistrates, and reported in writing to the magistrates, to have all the requisites, and to be in a fit state to be licensed. No carriage will be licensed unless it be provided with lamps, and have roof, springs, wheels, cushions, lining, pannels, doors, and windows, clean, and in good repair, and the steps of entry safe and convenient,

and the skin, rope, or coir mats, or other matting equally comfortable, are provided for passengers' feet.

The owner of each licensed carriage shall have the same ready to take a fare at the stands appropriated as public stands, from nine o'clock in the morning until ten o'clock at night, and, within their respective yards, coach-houses, or stables, after being called upon, between ten o'clock at night and nine o'clock in the morning of every lawful day.

Every driver shall deliver to the person hiring his carriage—if demanded—a ticket, having printed thereon the number of the carriage, the name of the proprietor, and the following words:—"Reference in case of incivility, loss, or overcharge."

If any owner or driver shall refuse or delay to take a fare if not before engaged; or if any owner or driver, having agreed to take any fare, at any time, or from any place, shall delay, neglect, or refuse so to do, every person so offending, shall forfeit and pay for each such offence a sum not exceeding twenty shillings; and for every offence subsequent to a first offence, a sum not exceeding forty shillings.

No person shall be permitted to act as driver of any such carriage who is under seventeen years of age, or who is not known to the owner to be of good behaviour, and to have had experience in driving, and to be capable of such employment; and no person shall act as driver without the consent of the owner.

In every case of any property being inadvertently left in any carriage, by any person or persons who may have hired or used the same, such property shall be taken and delivered up to the person or persons who have left the same, or shall, within twelve hours, be taken in the state in which it was found to the police office, and there delivered to the chief officer on duty, with the name of the owner and driver, and number of the carriage.

No owner or driver shall canvass or importune for employment—nor shall carriages be taken from their station in search of employment, but shall wait their chance in proper order.

No driver of any such carriage shall take any person to ride upon the box, or in or upon any part of such carriage, without the permission of the person or persons hiring the same, first obtained, under a penalty not exceeding twenty shillings.

Every driver shall keep his carriage lamps lighted while driving after sunset and before sunrise, during the months of October, November, December, January, and February, and ready to be lighted when on the stand during these months.

No owner or driver of a hackney carriage, used for conveying passengers, shall knowingly carry or convey therein any person affected with any infectious or contagious disease, or any dead body.

The following places are hereby appointed public stands, viz.:—

I. County Square.

II. Egress gates of Caledonian, Glasgow, and South-Western, Glasgow and Paisley, and Renfrew Railway Stations.

III. Smithhills opposite Abbey gate.

IV. East end of Gauze street.

V. West end of Wellmeadow.

The number of carriages at each of the stands, or division of stands, and the space to be occupied, shall be fixed from time to time, as may be found necessary. There shall always be a clear space, equal to the length of two carriages, left in front of the railway stations to take up and set down passengers.

All carriages shall take their stations on the stands in the order of their arrival, and at such distance from each other as that persons walking may conveniently pass between them. And when any carriage shall be called or driven off any stand, the carriage immediately behind shall draw up to the place vacated, and any other carriage behind in the like order.

All carriages ordered back for a party at any place, shall have the preference of drawing up near to the door or entrance of any such place in the order of arrival, but there shall be left opposite to the door or entrance a space sufficient to allow a carriage to drive up to take its fare.

All carriages let out on any station or place for hire shall be subject to the stand rules; as also carriages when met with, if not at the time actually engaged.

It shall be in the option of the hirer to engage any hackney carriage, either by time or distance, providing this be done at the time of hiring.

Whether the fares are by distance or by time, the hirer pays tolls.

For shopping, making calls and the like, when the driving is not continuous, the charge shall be one shilling for the first half hour, and sixpence for every additional quarter of an hour or part thereof.

The distance to which any hackney carriage may be driven, under these bye-laws, shall be five miles from the post office in Gilmour street.

The following rates or fares to be allowed for carriages conveying passengers by distance. The charge in the table shall include going from the nearest stance to the hirer's residence and waiting ten minutes.

Where parties return, and the fare going is one shilling, the carriage shall wait ten minutes without any charge for waiting; when one shilling and sixpence, fifteen minutes; when two shillings and upwards, twenty minutes. If the carriage be detained longer, a charge shall be allowed for waiting at the rate of sixpence for every twenty minutes, or part thereof, commencing at the period when the free waiting expires.

When a carriage is called, but not used, a charge of sixpence shall be allowed, if the place to which it is called be under half a mile from the stance, and one shilling if beyond that. Waiting as in section twenty-nine.

From eleven at night till two in the morning, fare-and-half shall be exigible ; from two till five morning, double fare ; and after five o'clock the ordinary fare.

No charge for driver.

SUNDAY FARES.—Within the Parliamentary Boundaries, double fare.

When a difference occurs between the driver and hirer, and the driver found correct, the hirer shall be bound to pay all expenses incurred in such disputes.

Owners or drivers may agree to drive at lower fares than those fixed. In that case, should they demand more than the fare agreed upon, they shall be liable as for an overcharge.

No charge for luggage unless it exceeds 100 lbs. weight, when not more than three persons are carried, or 75 lbs. when more than three, and in no case shall the charge exceed sixpence. The driver to assist in loading and unloading in all cases when required, without any extra charge.

Every person who shall contravene, or fail to conform to and implement the foregoing bye-laws, or any of them where no specific penalty is hereby enacted, shall, for each such offence, forfeit and pay a sum not exceeding twenty shillings ; for a second offence, a sum not exceeding forty shillings ; for every offence subsequent to a second offence, a sum not exceeding sixty shillings ; and in imposing any of these penalties the magistrate shall also have power to suspend or withdraw the license—and all penalties shall be levied in a summary manner, in terms of "The General Police and Improvement (Scotland) Act, 1862 ;" and parties offending and failing to make payment of the penalties and expenses thereby incurred, shall be subject to the terms of imprisonment provided by the said Act, for offences committed in contravention thereof.

JENNINGS' PATENT SEWER PIPES.

ROBERT BROWN & SON,

FERGUSLIE FIRE CLAY WORKS, PAISLEY,

Now hold the exclusive right from the Patentee to Manufacture and Sell these Pipes in all Scotland, with the liberty to Sell in Ireland and in Foreign Countries.

"Mr. George Jennings' Patent Drain Pipes, as we have before taken occasion to say, are certainly the best arrangement that can be used."—*Builder*.

The Pipes are the most perfect yet introduced, and are universally acknowledged as the only improvement yet effected on the ordinary Socket or Half-Socket Pipe.

The following are some of the advantages offered by the use of these Pipes:—

1st, These Pipes, which are plain at both ends, are laid in the rebates of the chairs a sufficient distance apart to admit of the workman striking up the joint of the invert perfectly fair on the inside, thus avoiding the burr of the cement, or other stopping material being left to impede the flow of sewage, and ultimately stopping up the drain.

2nd, The Superintendent of the Works can insure this being effectually done, by personal examination, before allowing the saddle pieces to be put on.

3rd, Facilities for examination, such as no other system of drainage presents, or admits of, as in the event of stoppage, it is only necessary to remove the Upper Saddle at any point, when the cause of the stoppage is at once ascertained and removed, without in any way damaging the drain, the only expense being the labour.

4th, Should Branch Drains be required at any future time, it is only necessary to remove any one of the Plain Saddles, and to substitute for it a Junction Saddle, as at D, which, by turning round, is available for either side of the street.

These Pipes, with all the advantages they possess, are the same price per yard, including the Patent Saddle and Cradle, as charged for the ordinary Socket Pipes.

per foot.

Single Junctions and Bends of every kind, including the Patent Saddle and Cradle, charged as $1\frac{1}{2}$ yards; Double Junctions, as 2 yards; and Cesspools, as 3 yards.

The usual Socket Pipes also made, and sold as formerly; along with Ornamental Chimney Cans, Vent Linings, Joist Shields, Fire Bricks, &c., &c., and all articles made of fire clay.

Machine made *Building Bricks*, and also *Drain Pipes*, and *Tiles* for Field Drainage, of all sizes, and of the best quality.

This Company having been established nearly sixty years, ample time has elapsed to prove the soundness of the principles on which it has been conducted. During that period its operations have attained great magnitude, and it has enjoyed much prosperity.

Atlas Assurance—Continued.

LIFE DEPARTMENT.

The Accumulated Premiums amount to more than £1,650,000. The Annual Income exceeds £170,000.

Bonuses have been declared on some Policies to an amount greater than the sum originally assured.

Premiums have been extinguished where the parties assured have applied the Bonus in reduction of the Annual Premium.

The total Surplus divided amongst the Assured up to the present time amounts to the sum of £1,253,106 in actual money, and is represented by a still larger reversionary sum payable at death.

The sum of over £4,400,000 has been paid during the existence of the Office for Claims under Life Policies, of which amount a very considerable part was for Bonuses.

Persons Assuring in Great Britain have the option of Participating Rates of Premium or of Non-Participating Rates.

The Rates of Premium have been adjusted in accordance with a long experience, and bear equitably on all ages.

The Non-Participating Scale is particularly adapted to parties wishing to assure a fixed sum only, at a fixed Rate of Premium, and on low terms.

Combined provision may be made for Old Age and early Death, so that a person may secure a sum of money for himself, to be paid at a stipulated Age, if he should live so long, or to be paid to his Executors if he should die before that age. This feature in the ATLAS OFFICE arrangements deserves particular attention, as likely to meet the requirements of a large number of persons.

The Directors are ready to receive Proposals for Assurances on any contingency involving payment of a sum at death.

FIRE DEPARTMENT.

This Company undertakes the Assurance of almost every species of Property in the United Kingdom, at Rates of Premium and upon principles which will be found quite as advantageous to the interests of the Assured as those offered by any other.

The great advantage of an Assurance against Fire to individuals of every class can be confirmed by the fact that this Company, while it is annually assuring Property amounting in value to more than £30,963,325, has paid for Losses to the Assured within the United Kingdom, since its institution in 1808, upwards of £1,730,000 sterling.

FIRE DUTY now reduced to 1s. 6d. per cent. per annum on every description of Property, and no charges for Policies or Stamps.

Tables of Rates, Forms of Proposals, and any information needful to effect Life or Fire Assurances, may be obtained on application to the Office, No. 92 Cheapside, London, or to any of the Company's Agents.

This Office being purely Mutual, the whole Profits belong to the Assured. The Society has endeavoured to place its rates and rules on the most equitable and liberal footing; and its affairs are administered by directors whose interests are identical with those of the assured.

Important resolutions have been adopted, relieving the Policies of many usual restrictions; and the assured are now entitled, after five years' continuous residence in this country, to travel and reside in any part of the world, without payment of extra Premium.

The additional rates charged by the Society for terminating Premiums are very moderate, and those of some other Offices are from fifty to upwards of one hundred per cent. more.

Particular attention is invited to the Special Phamphlet, explaining the system of Minimum Premiums introduced by the Society, under which it is believed that assurances can be effected more economically than in other Offices; and the combination of this system with the moderate additional rates charged for terminating Premiums affords peculiar facilities for those desirous of being relieved of payment of Premiums as they advance in life.

The following is an extract from the table of Annual Rates:—

BY HER MAJESTY'S ROYAL LETTERS PATENT.

BLAIR'S PATENT HAT.

Patent dated, March 29, 1855.

Renewed,
March 29,
1858.

Renewed,
March 29,
1862.

The utility and value of this Hat have been fully proved by the great and increasing demand, as also by the numerous *futile* attempts that have been made at IMITATION, all of which have failed to commend themselves to the wearer.

The principal advantages derived from wearing BLAIR'S PATENT HAT are :—

- | | | |
|---|---|--|
| <p><i>FIRST.</i>
GOOD AND
EASY FIT.</p> | { | The immediate yielding of the Hat to any form of Head, producing at once an extremely easy and exact fit. |
| <p><i>SECOND.</i>
PROPER
VENTILATION.</p> | { | By the correct principle on which this Hat is Ventilated, the Head is always kept cool and comfortable. |
| <p><i>THIRD.</i>
CANNOT
BE DESTROYED
BY GREASE.</p> | { | From the construction of the Frame or body of the Hat, it is impossible that the brim or side crown can become saturated, or in the least destroyed by grease or perspiration. |
| <p><i>FOURTH.</i>
RETAINING
ORIGINAL
SHAPE.</p> | { | The part of the Hat that fits on the Head being double, with a space between the two thicknesses, and the inner one only taking the shape of the head, allows the exterior of the Hat to retain its proper and original shape. |

The above advantages, which are in every respect of the greatest importance, cannot be claimed for any other Hat at present in use.

CAUTION.—Exhibition Fireworks being a different class of Goods to Shop work, the following Caution is requisite. There are Toy Dealers, and a Party in Glasgow and Edinburgh, who merely deal in Fancy Toy Fireworks, who have the presumption to solicit orders for displays (and even term themselves Artistes), who have really no practical knowledge of the art, or even the slightest particle of Machinery or Apparatus for the same. Therefore, T. C. BARLOW would advise those gentlemen who contemplate getting up an Exhibition to commemorate any event, to demand Designs of the Set Devices, the size of each, and specification of the Aerial part of the Display, or they will merely get a quantity of small Rockets, Squibs, Jack-in-Boxes, Roman Candles, &c., and such small work, which is only fit for the amusement of juveniles.

 T. C. BARLOW particularly requests it to be observed that the List of Prices quoted are for Best Ordinary Fireworks, but should the Pieces be enlarged or beautified to any considerable extent, an additional charge will be made, proportioned to the increase of labour and material.

LARGE Exhibitions of 14 Set Pieces, or Designs, with extensive finish, including Aerial Work, - £80 0 0

EXTRAORDINARY Exhibitions, with Designs on scale of 25 ft. to 50 ft. in diameter, prepared expressly to order, and decorated in the most gorgeous manner with a profusion of superb Aerial Work, - £200 0 0
